

Exiting in style!

Middleton’s quartet of (from left) Tyler Vogt, Joey Passaglia, Oliver Wenning and Chase Rogers concluded their high school careers by competing in the Wisconsin Football Coaches Association Large School All-Star Game on July 18 in Oshkosh.

The four Cardinals played for the South team, which rallied from a 17-7 deficit and defeated the North, 24-17.

Passaglia finished the day 13-of-22 for 102 yards with one touchdown pass and no interceptions. Passaglia’s 12-yard touchdown pass to Jackson BeBow of Burlington late in the third quarter tied the game, 17-17. Passaglia also ran for 27 yards on five carries.

Rogers finished his day with three catches for 38 yards with a long of 19. Rogers also had 17 yards after the catch.

Vogt posted two tackles and a tackle for loss. Wenning had one tackle, which resulted in a 9-yard loss for the North team.

Forslund saved his best for last, shooting 3-under-par, 141 at the two-day state tournament and finishing seventh individually.

Von Ruden averaged 74.22 and also broke par in four events. He was also the Cardinals’ low man, or tied for their low score, six times.

Weiss had a sensational senior season, averaging 74.41 and breaking par twice. Weiss also had Middleton’s low score — or tied for low score — in eight events.

Reiter broke par just once, but picked the perfect time to do so, firing a 4-under, 68 on the first day of state. He went on to shoot 2-under, 142, for the tournament and finished ninth individually.

Reiter averaged 76.25 for the season and was also the Cardinals’ top finisher, or tied for low honors, three times.

“They were a complete joy to be around each and every day,” Middleton coach Tom Cabalka, who retired after the season, said of his team. “They are all best

friends, pushed each other, and helped each other in practices to get better. Their goal all season long was to be the best they could be.”

Ongoing challenges include rising food costs, staffing costs, aging equipment and high credit card fees. A new three-week cycle menu was launched in April 2006 has been very popular. Next school year, the team is looking forward to using the data gathered in the spring to fine-tune recipes, reduce food waste, and keep the cafeteria lines busy from day one.

Dr. Paulisse and Mr. Metz reviewed the student survey, which utilizes a 4-point scale

with distinct pillars tailored for grades 1–4 and grades 5–12, providing key insights drawn from elementary, middle, and high school responses. Dr. Dugas and Ms. Valladolid discussed the four-pillar family survey, highlighting how multi-layered communication strategies were utilized to boost participation. They celebrated that all family engagement scores improved across all pillars during the 2025–2026 school year. Dr. Buffington and Ms. Smith shared updates on the streamlined five-pillar staff survey, noting that targeted outreach across multiple channels contributed to positive metrics, with all five pillars consistently scoring above 3.0 for the past two years. Overall, the survey results underscored significant strengths across the Middleton-Cross Plains Area School District (MCPASD), particularly regarding strong relationships, high levels of family engagement, and positive student school experiences. The administration noted that this valuable feedback will directly guide future district initiatives aimed at strengthening belonging, communication, and support for all members of the school community.
